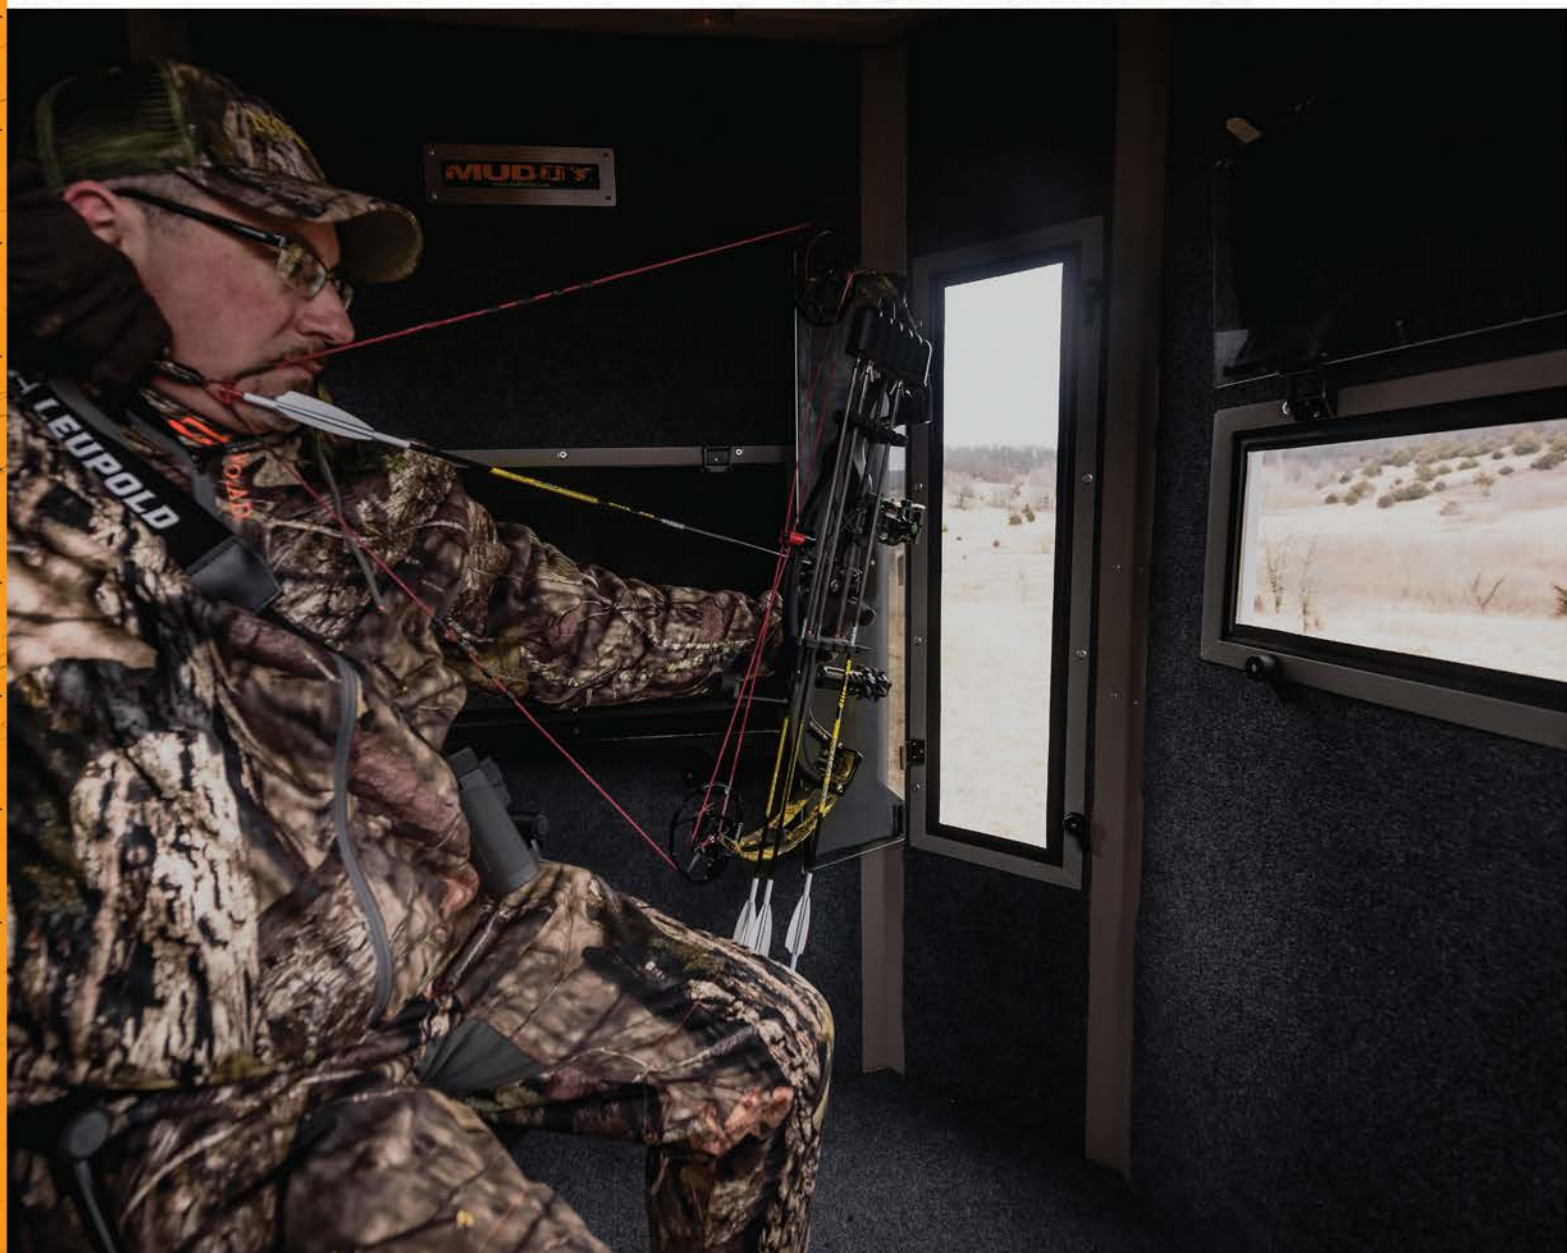
BOX BLINDS

"We've been using box blinds for years, but never have we seen success like we've seen since using the Muddy line of box blinds. These blinds are over built, and do a superb job of containing your scent which gives us the advantage we've been looking for. If you can beat a deer's nose, you're doing something right. Great job, Muddy!"

- Mark Drury
Drury Outdoors



CONSTRUCTION

THERE IS NO COMPARISON, MUDDY IS SUPERIOR TO OTHER FIBERGLASS OR MOLDED PLASTIC SETUPS.

THERMA-TEK: Innovative structural insulated design provides ULTIMATE THERMAL CONTROL, SCENT CONTROL, AND NOISE CONTROL!

- Exterior Grade UV Protected PVC, 1.5 Pound Density Foam, Tempered Hardboard, Marine Carpet are bonded together for unbeatable performance!
- **THERMAL CONTROL** – Panels have an R-7 insulation value; Offers superior climate control
- **SCENT CONTROL** – Each seam is sealed with aircraft grade sealant/adhesive to keep the elements out and scent in
- **NOISE CONTROL** – The innovative Therma-Tek design offers the ultimate noise barrier. Entire wall panel is carpeted

SOLID FLOOR: Joist and sheeting construction

- Super strong and quiet!
- **Dead air chamber** provides insulation
- Noise control

HEAVY-DUTY ROOF: Rotational molded polymer construction

- Ultimate in strength to handle **any snow load**
- **Hollow-core technology** provides dead air gap on the roof for insulation and added strength
- A full **6" of roof overhang** to defend against even the toughest elements

LADDERSTANDS

"As my kids are getting older, they have started to show more interest in hunting with me. This past year we setup some Muddy 2-man ladderstands on our farm and they were the ticket to helping introduce my kids to the outdoors. Solid heavy duty construction and noise free, these stands gave me the confidence to enjoy the outdoors with my children sitting right beside me."

★★★★★

"I just purchased a new Diamondback harness and while I haven't hunted with it yet I have worn it while hanging stands and it was awesome! The padded straps combined with the lightweight make it very comfortable to wear and the buckles make it very easy to get on and off. The tether is a nice length as well as I had plenty of room to move while setting my stands while still being secure." - Chad

GROUND BLINDS

"I picked my daughter Brooke up from school and we were off to the Muddy ground blind. Spacious and easy to setup, we were comfortable which makes the Muddy blinds perfect for both kids and adults. As the sun started to set Brooke noticed movement to our left and a huge buck stepped out. Brooke made a perfect shot!"
